DETERGENT AND
WATER LEVEL

TECHNOLOGY
4.0

PAWNEE/R

Main technical data

Power supply
220/240 V - 50/60 Hz

Vacuum motor
1000 W

Boiler volume
3 l

Boiler power
2000 W (plate)

Steam temperature
160° C

Steam pressure
6,0 ± 0,3 Bar

Water refill tank
5 l

Dimensions
420x450x810 mm

Weight
18 kg

PAWNEE/R special

Main technical data

Power supply
220/240 V - 50/60 Hz

Vacuum motor
1000 W

Boiler volume
3,3 l

Boiler power
2400 W (immersion)

Steam temperature
170° C

Steam pressure
7,0 ± 0,3 Bar

Water refill tank
5 l

Dimensions
420x450x810 mm

Weight
18 kg

BLACK HAWK/R

Main technical data

Power supply
220/240 V - 50/60 Hz

Vacuum motor
1200 W

Boiler volume
4,9 l

Boiler power
2200 + 1200 = 3400 W (immersion)

Steam temperature
175° C

Steam pressure
8,0 ± 0,3 Bar

Water refill tank
5 l

Dimensions
460x530x840 mm

Weight
23,5 kg

Optional supply

Detergent tank
(Pawnee/RC - Black Hawk/RC)

3 l

Detergent injection

Disinfectant tank
(Pawnee/RV - Black Hawk/RV)

3 l

Disinfectant injection

Hot water injection
(Pawnee/RW - Black Hawk/RW)

WHERE TO USE

WINERIES

PHARMACEUTICAL
INDUSTRIES

BAKERIES AND
PASTRIES

HOTELS, SPA AND
RESORTS

TRANSPORTS

INDUSTRY 4.0

Available for:

Pawnee/R - Pawnee/R Special - Black Hawk/R

"Technology 4.0 - Interaction, data collection and real-time communication of parameters. An automatically generated PDF contains information such as start time, work hours and parameters like consumption and absorption. The features that make these steam generators unique mean high quality services that change the customer's perception of the work done"

NOVALTEC GROUP - STEAM GENERATORS

Since 1994, Novaltec has been manufacturing and marketing a **complete line of professional cleaning and sanitizing equipment**. Our steam generators are able to dissolve all types of grease and dirt, collecting all in one solution.

Professional steam cleaners for sanitizing in compliance with HACCP regulations.

Multipurpose and functional machines that make possible to create a customized "cleaning system", according to the needs of different sectors of activity.
