... the passion for moving

Interesting points

FASTER WORK

Zallys vehicles **make faster movement** of trolleys and people inside the company.

PREVENT INJURIES

According to the regulations in force that impose a **maximum manual handling of 25 Kg.**

EASY TO USE

Drivable in **narrow spaces** where a traditional forklift cannot operate, without any requested qualification (**no license**).

INCREASE THE WELLNESS

The goal of our products is to make easier and effortless the operator life, **improving the wellness in the company.**

INCREASE THE SECURITY

Make your workplace safer, avoiding all risks of professional diseases caused by excessive operator's efforts.

INCREASE PRODUCTIVITY

Make your internal logistic faster and dynamic, by integrating the **LEAN System** with Zallys vehicles.
